

LIVE WEBINAR

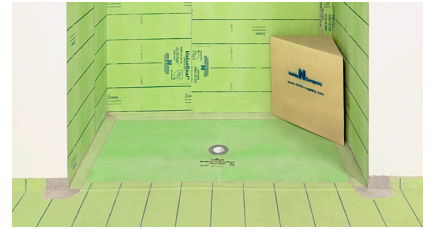

Product Training with Q&A*

Break Down the Barriers!

Curbless showers can be more than just wheelchair accessible. They are used in seamless transitions from the bathroom into the shower creating a larger feel to the overall area.

What you will learn:

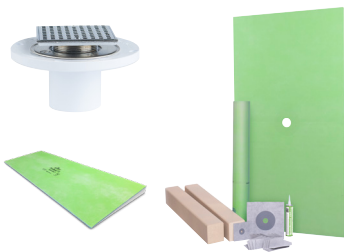

- Options for framing out the substrate to create a lower profile
- Dealing with the "I" Joist
- Shower base, drains, and ramp options

THURSDAY, MARCH 4, 2021 | 1:00-2:00 pm EST
