

FreeStyle Linear Drain™ Center Outlet

The Center of Excellence

Noble Company now offers its patented FreeStyle Linear Drain with the drain outlet located in the center of the base. Ideal for tub replacements as well as new installations, this option compliments the offset drain location to cover your installation requirements.

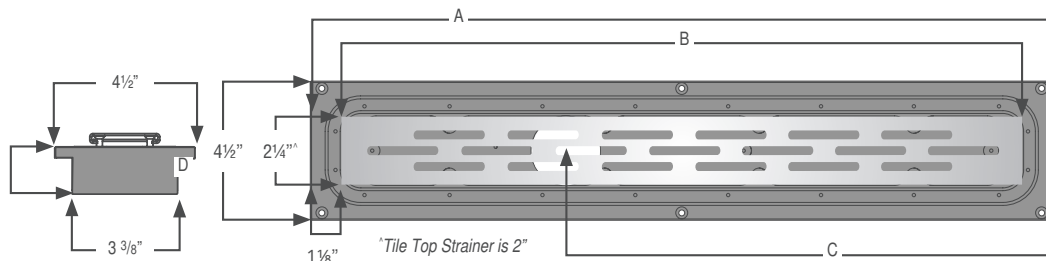

Available in both PVC and ABS, the FreeStyle base can be installed directly to a substrate and provides seamless integration to the Noble ProBase® II Single-Slope or a poured mortar base.

A complete listing of center drain part numbers can be found in the 2019 Noble Company List Price Book.

The FreeStyle Linear Drain is available in 7 drain lengths. Below is a chart showing the dimensions for:
